## International Food Scientist Awards

### CALL FOR PROFILE – FOOD SCIENTIST AWARDS

**About Conference:** Sciencefather takes the privilege to awarding the Industries, Academicians, Researchers, Doctors, Scientist, and Regulators from Science, Health and Engineering fields across the globe to its International Events. The SHEN International Research Conference is an annual gathering. This Event is a unique international platform that's a meeting of all Researchers. We look forward to personally welcoming all the award winners.

**Objectives:** The International Food Scientist Awards International Events is awarding high quality Researchers in different subfields. The purpose of award ceremonies and assemblies is to celebrate researcher achievements and motivate them to continue on their path. The Good researchers are more motivated to succeed in their research field. People want to be respected and valued by others for their contribution. Offer the opportunity to be updated on the latest research outputs on several topics. Organize specific work shops around the most attractive and current issues. Gather worldwide experts as Event speakers.

**Key Features:** Excellent Venue | Inspiring Speakers | Certificate | Medal | Memento | Stage Photograph | Awardees list don website.

**Award Categories:** Young Scientist Award | Best Researcher Award | Outstanding Scientist Award | Lifetime Achievement Award | Best Faculty Award | Food Safety Innovation Award | Sustainable Food Production Award | Food Packaging Technology Award | Innovative Food Product Development Award | Nutritional Research Excellence Award | Food Engineering Innovation Award | Functional Foods Award | Food Biotechnology Innovation Award | Sensory Science Research Award | Food Ingredient Innovation Award | Probiotics and Prebiotics Research Award | Plant-Based Food Innovation Award | Food Waste Reduction Award | Clean Label Product Development Award | Culinary Innovation in Food Science Award | Food Allergen Management Award | Agricultural Sustainability Award | Food Processing Innovation Award | Microbiological Safety in Food Science Award | Emerging Technologies in Food Science Award | Food Sensory Experience Design Award | Food Chemistry Research Award | Best Practices in Food Traceability Award | Food Security and Global Hunger Solutions Award | Innovative Preservation Technologies Award | Dairy Science Excellence Award | Food Additives and Enzymes Award | Meat Science Innovation Award | Food Fraud Prevention Award | Food Industry Leadership Award | Food Nutrition and Dietetics Research Award | Innovative Beverage Science Award | Animal Welfare in Food Production Award | Alternative Protein Innovation Award | Food Economics and Policy Award | Consumer Food Education Award | Food Science Communication Award | Fermentation Science Excellence Award | Advances in Food Science Equipment Award | Food Toxicology and Risk Assessment Award

**Topics of Award Subjects include, but are not limited to:** Food Safety and Quality Control | Sustainable Food Systems and Agriculture | Nutritional Science and Functional Foods | Food Processing and Engineering | Food Biotechnology | Innovative Food Product Development | Sensory Evaluation in Food Science | Food Packaging Innovations | Food Preservation Techniques | Advances in Food Microbiology | Probiotics and Gut Health | Plant-Based and Alternative Proteins | Food Waste Management and Reduction | Food Chemistry and Biochemistry | Culinary Science and Innovation | Nanotechnology in Food Science | Food Traceability and Supply Chain Management | Functional Ingredients and Nutraceuticals | Fermentation Science and Technologies | Global Food Security and Policy | Emerging Technologies in Food Science | Food Allergens and Sensitivities | Food Fraud Detection and Prevention | Dairy Science and Technology | Meat Science and Processing | Food Additives and Preservatives | Sustainable Fisheries and Aquaculture | Food Economics and Market Trends | Consumer Behavior in Food Choices | Environmental Impacts of Food Production | Innovative Beverage Science | Food Toxicology and Risk Assessment | Advances in Crop Science and Agronomy | Precision Agriculture and Food Production | Food Security in Low-Income Populations | Cultural and Regional Food Innovations | Edible Insects and Novel Foods | Food Sensory Science and Consumer Preferences | Food Industry Leadership and Innovation | Animal Welfare in Food Production Systems
